

51000B Fork Oil Medium 10W Premium Synthetic

Document version: Apr 15, 2024

Description

MPM Motorcycle Fork Oil Medium 10W Premium Synthetic is specially developed for use in telescopic front forks for mopeds and road/off road motorcycles. The high deaeration properties of this fork oil means that there is minimum reduced foaming in the fork legs bodies. This gives optimal performance and stability so it will maintain optimal performance under extreme road/off-road conditions. MPM 10W Fork Oil provides excellent protection against wear and corrosion of suspension elements and seals, resulting in a higher performance level.

Note: Also suitable for telescopic forks of mountain bikes and bicycles where a SAE 10W oil is required.

According to the specifications of

SAE 10W
